

# NCAA Eligibility

## What is NCAA Eligibility???

As a student athlete it is required that you are eligible to play college sport. The NCAA clearing house is an organization that does this. It is their job to ensure that you will be able to cope with the academic requirements of American universities and they also determine whether or not your amateur status is intact along with a few other criteria. If you aren't deemed eligible, you will not be able to compete at a college in the USA no matter what scholarship has been offered to you. It is therefore important to remember that academics are as important as your tennis.
